

CALLING ALL SA ACCREDITED CLINICAL PHARMACISTS

WE ARE HIRING!

**Do you want to join one of Australia's leading health innovators?
Do you want to use your clinical knowledge in a primary care setting?
Do you want to be respected for the professional that you are?
Do you want to break new ground in clinical pharmacy?**

Come and explore an exciting clinical role which will...

- Allow you to utilise and build your clinical knowledge alongside a Clinical Excellence Team headed by Dr Chris Alderman (*CCGP Geriatric Pharmacist of the Year 2016*) and Dr Natalie Soulsby (*AACP Consultant Pharmacist of the Year 2017*)
- provide flexible hours to suit your lifestyle
- allow for an alternative career path
- offer opportunity to be published in our industries leading journals
- chance to be involved in state of the art research
- make a direct impact on people's health outcomes every day

If you want to work in a team where you can really make an impact and explore this new career path in pharmacy, please contact us on info@wardmm.com.au.

What have you got to lose?

(This may not be a picture of us but we are as happy as they are!)
We can't wait to chat to you and share more about Ward MM.

Our current local vacancy

We are currently on the lookout for a **Part Time to Full Time Clinical Pharmacist to join our team in SA.**

Attractive Remuneration Package - Flexible Hours - Supported Professional Development.

Who are we?

Ward Medication Management are the largest and most sophisticated provider of clinical pharmacy services in the Australian aged care sector. We have also expanded our services into the broader community, are working collaboratively with GP groups and Universities, and are in the process of launching internationally. This translates to lots of opportunity for you.

Our vision is to eliminate medication related harm through being future thinkers and driving industry collaboration. **Does this inspire you?** Our focused vision has resulted in the implementation of a data driven medication review service which to-date has garnered attention from the Australian Government and Texas Medical Center and this is only the beginning...

Please have a look at our new website www.wardmm.com.au.

The Role

We are looking for a clinical pharmacist who is accredited to conduct HMRs and RMMRs with high service standards who is enthusiastic, motivated and with a passion for making a difference to the lives of others and our industry.

You will work together as part of the SA team to deliver quality medication reviews and QUM services for designated clients at aged care facilities, in the community and to our GP partners in SA. In addition to working directly with your SA team, you will also become an integral member of the national Clinical Pharmacist team - a passionate and motivated group of clinical pharmacists who support one another to deliver the best possible outcomes for the people in their care. You will also work with our growing number of GP partners to provide Home Medication Reviews to their patients.

Acting as the 'guardian' of medications in the aged care facilities you service, you will provide a range of collaborative services including: education sessions, medication audits, clinical data insights and leading MAC (Medication Advisory Committee) meetings. You will be responsible for maintaining and developing excellent professional relationships with all customers, both internal and external, and supporting the WardMM business strategy.

You will be given support to help us to work with you and your manager to provide you with the right development you need so you can grow within the company.

Throughout your career with Ward MM you will be given opportunities to develop in your clinical areas of interests. Our Clinical Excellence team are there to support you every step of the way.

If you think you have what it takes to truly make a difference and would like to explore an opportunity to join a new and exciting era of clinical pharmacy, please get in touch for a confidential conversation.
